Brazil: Jaguars & Birds – Pantanal & Amazonia

13 ¹/₂ -day birding & wildlife tour
3 ¹/₂ -day Atlantic Forest extension

Brazil is the second most endemic-rich country in the world, with the rainforests of the Amazon holding a significant number of such specialities. This tour covers the Amazon rainforest and Pantanal wetlands, but also spends time in the vastly different dry cerrado, which adds a whole swathe of species. From watching birds at the feeders in the gardens of our comfortable lodges, to birding in the local mountains and lowlands, this popular tour will enable us to see a superb range of endemics as well as many other Neotropical species. We will have the chance to see some of the most highly-sought-after birds and mammals on the planet including the endangered Hyacinth Macaw, the largest parrot on Earth. Against a backdrop of the immense Pantanal and spectacular

Chapada savannah we will look for a variety of waterbirds, raptors, parrots and passerines together with animals including Yellow-throated Caiman, Giant River Otters, Capybaras and maybe even the rare Tapir. Special boat trips are included to search for Jaguar, which, due to intimate local knowledge and a good communication network, we expect to see. The megadiverse Amazon region is one of the must-visit places on Earth for any bird or nature enthusiast. The Amazon offers many varied experiences, from birding by canoe for flooded forest species, to searching for toucans, parrots, and raptors from canopy towers, to walking forest trails in search of army ant swarms, and their attendant birds. *And why not join our 3¹/₂-day Atlantic Forest optional extension? Hummingbirds galore, and many more!*

Tour starts & finishes: Cuiabá airport, Brazil

Not included: return domestic flights Sao Paulo – Cuiabá, drinks, tips, personal expenses. Early-bird discount of US\$99 for bookings received up to 12 months before departure.

Bookings: Online at <http://www.bellbirdtours.com/bookings> - see last page of this brochure.

ITINERARY

Brazil Birds & Jaguars tour

Day 1: (15 Aug). **Arrival in Cuiabá.** Arrival in Cuiabá, a 2.5-hour domestic flight from Brazil's Sao Paulo (*domestic flight not included in price*). The tour leader will meet you at the disembarking gate. Transfer to Pantanal. One hour and a half drive to get to the beginning of Transpantaneira Road, which is the famous dirt road that we will be exploring during the next few days. Several stops can be done along the route to photograph birds, reptiles and mammals. There are good chances to find species such as Greater Rhea, Red-legged Seriema, Hyacinth Macaw, Jabiru Stork, Maguari Stork, Whistling Heron, Roseate Spoonbill, Chestnut-bellied Guan, Sunbittern, Plumbeus Ibis, Bare-faced Ibis, Buff-necked Ibis, Chaco Chachalaca, Toco Toucan, Savanna Hawk, Large-billed Tern, Monk Parakeet, Orange-backed Troupial, Snail Kite, Black-capped Donacobius, Greater Thornbird, Unicolored Blackbird and many others. Dinner will be served at Ayмара Lodge. This location has a lot of forest and the lodge is located in the middle of this habitat. We will do some night birding after dinner after dinner to look for owls and nightjars before your first overnight in this amazing place surrounded by wildlife. The main targets are Black-banded Owl, Mottled Owl and Great Horned Owl. Other species are also possible such as Ferruginous Pygmy-Owl, Tropical Screech-Owl or Common Pauraque. **Accommodation: Ayмара Lodge** (en-suite private rooms; meals included: L, D).

Day 2: (16 Aug). **Transpantaneira road.** In the early morning we will be exploring the grounds of the lodge and the trails in the forest. Forest birding is very productive and we will spend the full morning looking for birds such as Undulated Tinamou, Mato Grosso Antbird, White-lored Spinetail, Ashy-headed Greenlet, Pale-crested Woodpecker, Cream-coloured Woodpecker, Crimson-crested Woodpecker, White-wedged Piculet, Large-billed Antwren, Rufous Casiornis, Blue-crowned Trogon, Flavescent Warbler, Red-billed Scythebill and many others. Common species will also show up such as Chaco Chachalaca, Yellow-billed Cardinal, Great Antshrike, Rufous-tailed Jacamar, Thrush-like Wren, Purplish Jay, Pale-breasted Thrush and others. This site is also good to look for Black-and-Gold Howler Monkeys and you should hear them while birding. Transfer to Pouso Alegre Lodge after lunch to keep looking for wildlife along Transpantaneira Road. The entrance road to this next lodge is one the best spots for mammals of the entire itinerary and the possibilities include Lowland Tapir, Giant Anteater, Marsh Deer, Brocket Deers, Crab-eating Fox, Brazilian Rabbit and with a lot of luck maybe a Giant Armadillo. Dinner at the lodge. **Accommodation: Pouso Alegre Lodge** (en-suite private rooms; meals included: B, L, D).

Day 3: (17 Aug). **Dirt roads & wide rivers.** The sunrise is just stunning in this remote area. While the sun comes out, we can hear hundreds of birds at the same time. American Woodstork, Great Egret, Snowy Egret, Little Blue Heron, Rufescent

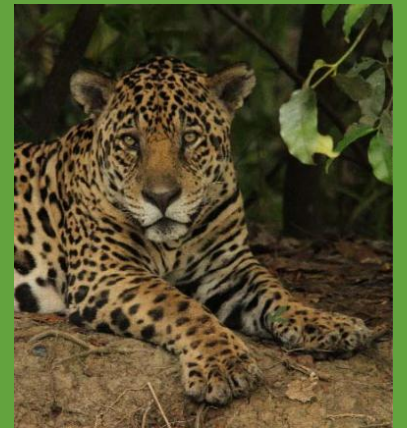

Brazil Birds & Jaguars tour

Tiger-Heron, Bare-faced Ibis, Monk Parakeet, Black-collared Hawk, Southern Lapwing, Snail Kite and Chaco Chachalaca keep calling and moving around in the crowd. We will wake up early to try for all the main targets before breakfast. At this location we will be looking for Great Rufous Woodcreeper, Spotted Rail, Chestnut-bellied Guan, Bare-faced Curassow, Great Potoo, Pale-crested Woodpecker, Blue-crowned Parakeet, Greater Rhea, Toco Toucan, Chestnut-eared Araçari, Red-crested Cardinal, Turquoise-fronted Amazon and others. Lunch will be served at the lodge. P.m. transfer to Mato Grosso Hotel. Back on the Transpantaneira Road we will keep driving south along this impressive dirt road. The next lodge is located by Pixaim river which divides the road in two different sections. After the first 50 km we will stop to explore this river by boat and to bird the riverine forest as well. Dinner will be served at the hotel. **Accommodation: Mato Grosso Hotel** (en-suite private rooms; meals included: B, L, D).

Day 4: (18 Aug). **Pixaim river.** Early boat ride to explore a new habitat. The riverine forest of Pixaim river is full of specialties and the main target birds from this location are Helmeted Manakin, Band-tailed Antbird, Green-and-rufous Kingfisher, American Pygmy Kingfisher, Golden-collared Macaw, Sungrebe, Sunbittern, Blue-throated Piping-Guan, Boat-billed Heron, Zigzag Heron, Agami Heron, Mato Grosso Antbird and many others. After breakfast we will explore the grounds of the hotel to look for other species such as Rusty-backed Spinetail, Vermilion Flycatcher, Rufous-fronted Thornbird, Black-backed Water-tyrant and many others. Lunch will be served at the hotel before driving 80 km more along the Transpantaneira Road, birding along the way. Other target birds to look for in the afternoon are Scarlet-headed Blackbird, Southern Screamer, Chotoy Spinetail, Cinereous-breasted Spinetail, Scaly-headed Parrot, White-headed Marsh-tyrant, Nacunda Nighthawk, Band-tailed Nighthawk, Great Horned Owl and many others. Arrival at the end of Transpantaneira Road. Dinner will be served at the next hotel. **Accommodation: Hotel Pantanal Norte** (en-suite private rooms; meals included: B, L, D).

Day 5: (19 Aug). **On the prowl for Jaguars.** We have arrived at one of the most exciting sites in the world to photograph wildlife. Cuiabá river is known for its jaguars. People all over the world come to see those impressive big cats close up. The boat trip starts early in the morning after a 5 a.m. breakfast. Here begins the search for Jaguars! We will spend the whole morning on the boat just scanning the river bank. Jaguars can be found resting on the bank or swimming across the river. The sand banks along Cuiabá River are excellent for shore birds as Yellow-billed Tern, Black Skimmers, Jabiru Storks, Pied Plover (or Lesser Lapwing), Collared Plover, and Southern Screamer. At noon we will be back to have lunch at the hotel. You will have some time to have a siesta but prepare yourself for another try for jaguars in the afternoon. At this time of the day the chances of seeing a Jaguar stalking a prey are pretty high. Other mam-

mals are also possible such as Giant Otter, Lowland Tapir, Black-and-Gold Howler Monkey, Capybara, White-lipped Pecary, Black-tailed Marmoset and some more species. We will head back to the hotel at dusk. Dinner will be served at the hotel. **Accommodation: Hotel Pantanal Norte** (en-suite private rooms; meals included: B, L, D).

Day 6: (20 Aug). **Across the Pantanal.** Early breakfast and transfer to Piuval Lodge. We will be birding the whole day to try for uncommon birds such as Subtropical Doradito, White-napped Xenopsaris, White-bellied Tyrannulet, Southern Scrub Flycatcher, American Pygmy Kingfisher, Little Cuckoo, Fawn-breasted Wren, Band-tailed Manakin, White-eyed Attila, Pale-crested Woodpecker, Red-winged Tinamou, Great Rufous Woodcreeper and others. Lunch will be served in the middle of the long drive and dinner at the final stop. Accommodation **Piuval Lodge** (en-suite rooms, meals included: B, L, D).

Day 7: (21 Aug). **Piuval Lake.** Early boat ride for crakes and waterfowl at Piuval lake. Late breakfast and we will keep birding all morning. Main targets at this location are Yellow-breasted Crake, Gray-breasted Crake, Rufous-sided Crake, Azure Gallinule, Purple Gallinule, Least Bittern, White-fronted Woodpecker, Helmeted Manakin, White-eyed Attila and Flavescent Warbler. This lodge is located inside a huge farm where the landowners raise cattle but they also keep a lot of good habitat. There are several forest patches to explore where we can find birds such as White-fronted Woodpecker, Great Horned Owl, Saffron-billed Sparrow, Planalto Slaty Antshrike, Sooty-fronted Spinetail, Black-bellied Antwren, Collared Forest Falcon and many others. After lunch we transfer to Chapada dos Guimarães right after lunch. The transfer takes about 3 hours and we expect to get there in the late afternoon. **Accommodation: Pousada Valle dos Ventos.** (en-suite rooms, meals included: B, L, D).

Day 8: (22 Aug). Early breakfast to enjoy Chapada dos Guimarães, an impressive table mountain located in Mato Grosso State, covered by the Brazilian Savanna and full of birds. Lots of endemic birds of the Cerrado vegetation are expected such as White-rumped Tanager, Shrike-like Tanager, Collared Crescentchest, Chapada Flycatcher, Rufous-winged Antshrike, Coal-crested Finch, Curl-crested Jay, Checkered Woodpecker, Plain-crested Elaenia and many others. We will also visit the main waterfall of the National Park where it's possible to see Red-and-green Macaw, Blue-winged Macaw, Scaled Pigeon and Bat Falcon from an impressive lookout - this spot is actually the postcard of this National Park. **Accommodation: Pousada Valle dos Ventos.** (basic rooms, meals included: B, L, D).

Brazil Birds & Jaguars tour

Day 9: (23 Aug). **Savannah specialties.** One more full day in Chapada dos Guimarães National Park to try some more birds that are endemic to the Brazilian Savanna. It is our last full day and a good chance to see them while birding in this habitat. The area is huge and we will be exploring multiple sites to increase our bird list. Some of the main targets are Blue Finch, Horned Sungem, Spot-backed Puffbird, Band-tailed Manakin, Fiery-capped Manakin, Blue-crowned Motmot, Black-faced Tanager, Burrowing Owl, Burnished-buff Tanager, Black-throated Saltator, Pale-breasted Spinetail, Pheasant Cuckoo, White-eared Puffbird and others. Some of those birds are not easy to get and we will work hard to find them. **Accommodation: Pousada Valle dos Ventos** (en-suite rooms, meals included: B, L, D).

Day 10: (24 Aug). **Amazing Amazonia** After some morning birding, transfer to São José do Rio Claro (4 hours drive). Check-in and lunch, then we will spend the afternoon exploring the Southern part of the Amazonian Forest around one of the richest bird areas in Brazil. Over 600 bird species are listed for this region of Northern Mato Grosso State, including Harpy Eagle, Amazonian Umbrellabird, Bare-eyed Antbird, Black-spotted Bare-eye, Scarlet Macaw, Red-fan Parrot, Cryptic Forest-Falcon, Yellow-browed Antbird, Black-girdled Barbet, Madeira Parakeet, Dot-backed Antbird, Razor-billed Curassow, Red-throated Piping-Guan, Red-headed Manakin, Snow-capped Manakin, Fiery-capped Manakin, Gray Tinamou, Brown-banded Puffbird, Spotted Puffbird, Eastern Striolated Puffbird, White-necked Puffbird, Blue-cheeked Jacamar, Bronzy Jacamar, Paradise Jacamar, Great Jacamar, Brown Jacamar, Curl-crested Aracari, Red-necked Aracari, Lettered Aracari, Gould's Toucanet, White-throated Toucan, Channel-billed Toucan, Red-necked Woodpecker, Ringed Woodpecker, Chestnut Woodpecker, Long-billed Woodcreeper, Point-tailed Palmcreeper, Tooth-billed Wren, White-fronted Nunbird, Spangled Cotinga, Screaming Piha, Broad-billed Motmot, Black-throated Antwren, Grayish Mourner, Paradise Tanager, Bay-headed Tanager and many others. **Accommodation: Jardim da Amazônia Lodge.** (en-suite rooms, meals included: B, L, D).

Day 11: (25 Aug). **Amazing Amazonia.** Full day exploring different habitats at Jardim da Amazônia lodge. Early boat expedition to look for one of the rarest birds in Brazil: Cone-billed Tanager – recently rediscovered after having been considered extinct for many decades. This is one of the locations where the species still occurs. During this expedition it is possible to find many other species such as Flame-crowned Manakin, Bare-necked Fruitcrow, Glossy Antshrike, Silvered Antbird, Ringed Woodpecker, Red-shouldered Macaw, Scaled Pigeon, Bat Falcon, Pompadour Cotinga, Dwarf Tyrant-manakin, White-eyed Antwren, White-bellied Parrot and others. In the late afternoon we will head to the roost of Blue-and-yellow Macaws to photograph this stunning bird in the late afternoon light. **Accommodation: Jardim da Amazônia Lodge** (en-suite rooms, meals included: B, L, D).

Brazil Birds & Jaguars tour

Day 12: (26 Aug). Amazonia cont'd (Harpy Eagles and Crested Eagles)

During our time in Amazonia we visit a nest of Harpy Eagles that used to breed here using the same nest for over two decades. Recently, the birds left the area and nowadays the male shows up near the nest while looking for primates. We will need some luck to find the bird, but there are many other interesting birds to look for such as Black-banded Owl, Spectacled Owl, Southern Tawny-bellied Screech Owl, Rondonia Warbling & Black-throated Antbird, Dusky-headed Parakeet, Pied Puffbird, Red-shouldered Macaw, Black-tailed Trogon, Brown Jacamar and many others. This site is surrounded by good forest and there is enough habitat for 100s of bird species. We also visit the site where Crested Eagle breeds (not every year). We will explore the forest here. The black morph of the species is such a beautiful unusual plumage and seeing this bird in the wild is a huge privilege for birders and photographers. **Accommodation: Jardim da Amazônia Lodge** (en-suite rooms, meals included: B, L, D).

Day 13: (27 Aug). Back to Sao Paulo... After some final morning birding, we travel back to Cuiabá where the TOUR ENDS. From here you can take an evening domestic flight (*own cost*) to São Paulo (Guarulhos airport). Meals: B, L.

Why not join our 3-day Atlantic Forest optional extension? Hummingbirds!

Day 13: (27 Aug) Fly to Sao Paulo in the evening (*own cost*), then overnight (*included*) near the airport. **Accommodation: hotel Panbamby** (en-suite rooms, meals included: D).

Days 14 & 15. (28 & 29 Aug) **Itatiaia National Park** We spend 2 days at Itatiaia National Park, a very important birding hotspot in southeastern Brazil's Mantiqueira Mountains. Trails cut through the Atlantic forest, home to rare marmoset monkeys. Towering waterfalls dot the park and lookouts afford sweeping views across the treetops. With over 400 species recorded, we can greatly increase the overall bird list here and there is a feeder full of birds at the lodge. Frilled Coquette, Toucans, Green-crowned Plovercrest, White-throated Hummingbird, Black Jacobin and others show in front of the breakfast room. Overnight **Hotel do Ype** (en-suite room). Meals: B, L, D.

Day 16: (30 Aug) **Hummingbird bonanza** Arguably leaving the best for last, we visit a "hummingbird paradise": a very special site in the Atlantic Rainforest. One of the best sites for hummingbirds in Brazil (Ubatuba), many species of hummingbird frequent the feeders at our guide's garden in a beautiful forest close to the ocean. This is one of the most exciting experiences for people who enjoy hummingbirds. Here we can easily see over 10 species of hummingbird: a huge crowd! Festive Coquette, Saw-billed Hermit, Versicolored Emerald, Brazilian Ruby, Scale-throated Hermit, White-chinned Sapphire and some others are guaranteed (dozens of each species). Lots of tanagers, Euphonias, Honeycreepers, Woodpeckers and Caciques also come to the feeders. The surrounding good habitat holds birds like Slaty Bristlefront, Red-ruffed Fruitcrow,
