South-west Endemics 7 day birding tour 10-18 Nov 2023

The south-west corner of Western Australia is one of the most bird-rich areas in the country. Our 7 day, 7 night fully accommodated tour begins and ends in Perth (WA) and takes in a range of habitats including wetlands, open woodlands, sandy heathlands, the Stirling Ranges and tall karri forest. This is a very pleasant area to be birding in with mild weather, good infrastructure yet a sense of adventure remains. The tour aims to find all 14 of the South West endemics, including the 3 notorious "skulkers" (Noisy Scrub-bird, Western Bristlebird and Western Whipbird). In the karri forests country we'll look for Western Rosella, White-breasted Robin, Red-capped Parrot, Western Whistler and Western Corella; while

exploring the dry woodlands we should add Malleefowl, Shy Heathwren and Purple-gaped Honeyeater. Long-billed (Baudin's) and Short-billed (Carnaby's) Black Cockatoo, Rufous Treecreeper, Western Yellow Robin, Gilbert's Honeyeater, Red-winged and Blue-breasted Fairy-wren await us on this trip. Coastal birding is not forgotten with seabirds, a visit to a Bridled Tern colony and Rock Parrot, Red-eared Firetail and Western Fieldwren; we expect to see up to 150 species including all 14 endemics!

Tour starts & finishes: Perth, WA

Scheduled departure & return dates:

- 10 - 18 Nov 2023

Price: AU\$4,399 all-inclusive (discounts available).

Bookings: Online at <https://www.bellbirdtours.com/bookings/> - see the last page of this brochure.

Day 0. (10 Nov '23) Arrive in Perth and make your own way to our hotel (room and dinner included in tour price) for dinner and introductions. Overnight hotel in **Perth** (en-suite hotel room; meals included: D).

Day 1. (11 Nov '23) An introductory walk around Kings Park, directly adjacent our rooms, before we visit some magnificent wetlands where we can see Blue-billed and Musk Duck along with many other waterbirds and several raptors. Further afield, the Wungong Gorge is a good spot for Western Australian endemic such as Western Rosella, Red-capped Parrot and Red-winged Fairy-wren. The Dryandra Woodlands are our final destination today and we'll look for Short-billed Black (Carnaby's) Cockatoo, Blue-breasted Fairy-wren, Western Thornbill, Elegant Parrot and Purple-crowned Lorikeet. This is also a good area to observe native animals such as Numbat, Brush-tailed Bettong and Echidna. Spotlighting for these and for Bush Stone-curlew and Tawny Frogmouth is an option for those keen to get out again in the evening. Overnight **Narrogin** (en-suite motel room; meals included: B, L, D).

Day 2. (12 Nov '23) We will spend a large part of the day exploring the Dryandra woodlands, in addition to the species listed above we also expect to see the western race of Regent Parrot, which is quite different from the eastern sub-species; Western Gerygone, Rufous Treecreeper, Blue-breasted Fairy-wren, Painted Buttonquail, Western Yellow Robin, the western race of Varied Sittella and other good species. Later in day we drive to the beautiful Stirling Ranges. On the way we check a site for the recently-split Western Fieldwren, and may be lucky enough to come across our first Western Whipbird! Overnight **Stirling Ranges retreat** (en-suite cabin; meals included: B, L, D).

Day 3. (13 Nov '23) This morning we explore the beautiful Stirling Ranges where we'll search for Malleefowl, Square-tailed Kite, Purple-gaped and Tawny-crowned Honeyeater and Southern Scrub-robin. Late afternoon brings us to the South Coast ready for an early start tomorrow morning. We'll head to Cheynes Beach to look for Brush Bronzewing and Western Wattlebird. We'll have our first attempt at tracking down one or more of the three skulkers that inhabit this area: Noisy Scrub-bird, Western Bristle-bird and Western Whipbird. Overnight **Cheynes Beach Caravan Park** (en-suite cabin; meals included: B, L, D).

South-west Endemics birding tour

Day 4. (14 Nov '23) We'll spend the entire day birding the south coast for the notorious and often elusive trio of Noisy Scrub-bird, Western Bristlebird and Black-throated (formerly Western) Whipbird. Noisy scrub-bird, one of our rarest and elusive species was only re-discovered in 1961. We should hear each of these species multiple times as we attempt to get views of them. This is a very scenic and photogenic landscape with moors, buttongrass plains, eucalypt-covered hills and rocky outcrops. Other possible species here are Brush Bronzewing, Southern Emu-wren, Tawny-crowned Honeyeater, Rock parrot, Stubble Quail and Red-eared Firetail. ^[11] _[SEP] Overnight **Cheynes Beach Caravan Park** (en-suite cabin; meals included: B, L, D).

Day 5. (15 Nov '23) A back-up morning for any species we may still need at Cheynes beach; then we pack up and head west towards the giant Karri forests around Pemberton and Manjimup. En-route, we'll stop to look at Lake Muir, a Ramsar listed wetland, where we'll find the geographically limited population of the Western Corella. In Pemberton itself we'll visit the tall Gloucester Tree, where we'll find Western Rosella, White-breasted Robin, Red-winged Fairy-wren and Common Bronzewing presenting good camera opportunities. Overnight **Augusta Chalets** (private rooms in large cottages of varying sizes, some with 2 rooms, some with 3 rooms) on the edge of the forest with scenic views; meals included: B, L, D).

Day 6. (16 Nov '23) Our last full day and after picking up any species we still need in the Karri forests we bird around Augusta on Cape Leeuwin where species we hope to find include Hooded Plover, Rock Parrot and Brush Bronzewing. Seawatching off the headland may produce Yellow-nosed, Black-browed or Shy Albatross and Great-winged Petrel. Overnight **Augusta Chalets** (private rooms in large cottages of varying sizes, some with 2 rooms, some with 3 rooms) on the edge of the forest with scenic views; meals included: B, L, D).

Day 7. (17 Nov '23) Our final day and another visit to the headland again this morning and/or we may pull in at the Cape Naturaliste Lighthouse to pick up any other species we require. En-route to Perth we'll visit the harbour at Mandurah to check for terns and we'll finish the day with a visit to Penguin Island (with its Little Penguins and Bridled Tern colony) while checking for any missing birds on our list, to arrive back in Perth in the afternoon. You will be dropped off at a hotel of your choice in the city centre, or at the airport (not before 4pm) (Meals included: B, L).

OR **add-on Rottnest Island option, see next page:**

Post-tour option:

Day 8. (18 Nov '23) Why not extend your tour for an extra day to enjoy WA's unique Rottne Island. Promising targets are Banded stilt, Peafowl, Pheasant, Roseate tern, Quokka, and if it is visiting Perth this year, we will also chase Oriental Honeybuzzard! This optional add-on guided day to Rottne Island includes overnight accommodation in Perth evening of Day 7, breakfast, return ferry Fremantle-Rottne, lunch and afternoon drop off to the airport or city (1 Dec). **Price is AU\$660pp**. N.B. a minimum of 3 people is required for the Rottne add-on to go ahead.

Pre-tour options:

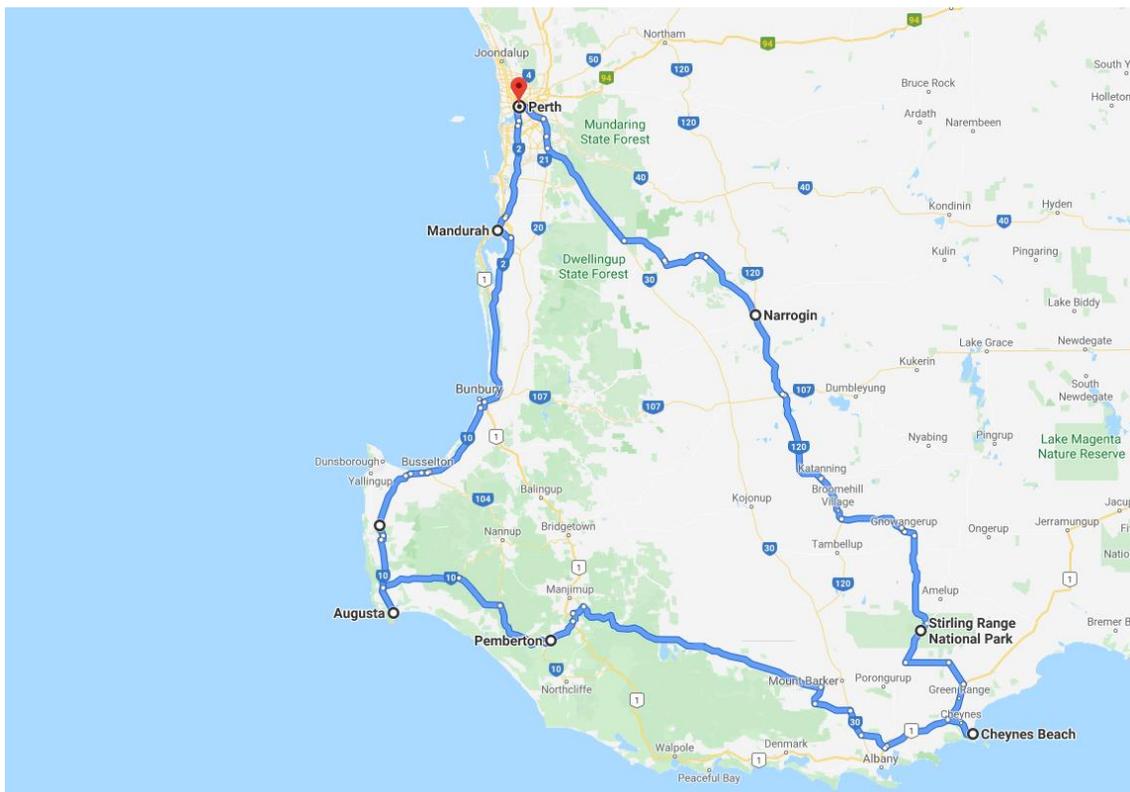

If you wish to arrive in Perth one or more days before the tour starts, and stay in the same hotel that we'll be using for the first night, we can book this for you and add the cost to your tour price – just let us know.

Price inclusions and exclusions:

Included: All meals commencing with Dinner on Day 0 and finishing with Lunch on Day 7, morning tea/coffee, some snacks, some fruit, some drinks, unlimited drinking water refills. Accommodation in private en-suite rooms, although on some nights only basic rooms with shared facilities are available. Transport using comfortable and reliable vehicle, expert guiding, any entry fees, taxes.

Excluded: Travel to & from departure and finish points, Pre- & post trip accommodation, any meals before the first dinner, Dinner on Day 7, drinks except where provided, personal expenses, tips, insurance.
