

Endemic Families Tour

26 September – 09 October 2027

Australia is in the enviable position of having the most endemic bird families of any country in the world with a total of 8. This tour focuses on finding at least 1 species from each of those families. We'll travel from the south-west to the south-east to the stunning rainforest of Lamington National Park, spending time in a diverse range of habitats. Along with our 8 endemic families we'll also be looking for some iconic families and genus that makes Australian birding something not to be missed including Bowerbirds, Birds of Paradise, Logrunner, Australian Treecreepers, Fairywrens, Australian Robins and more. Tantalising add-on options exist.

Australia's endemic bird families and our target species on this tour: Plains Wanderer: The only species in its family; Lyrebirds: We'll look for both Albert's and Superb; Scrubbirds: Noisy; Bristlebirds: Western; Pardalotes: Striated and Spotted; Whipbirds: Eastern and Black-throated; Mud-nesters: White-winged Cough and Apostlebird; Shrike-tits: Eastern and Western.

We will also look for Australia's largest bird, the Emu, and many near-endemics: megapodes, Magpie Goose, Crested Bellbird, Australian Owl-et-nightjar, Eastern Whipbird, Varied Sitella and more.

Itinerary

Day 0: 26 September 2027

Arrival in Perth

For those who have just completed the pre-tour Red Centre Adventure, we will ensure you arrive in time for our welcome dinner tonight. People not joining this trip will make their own way to our hotel on 15 September in Perth, where we'll all meet this evening for dinner and introductions.

Overnight: Perth, en-suite rooms

Meals included: D

Day 1: 27 September 2027

Dryandra Woodlands

We'll do an introductory walk around Kings Park before we visit some magnificent wetlands where we can see Blue-billed and Musk Duck along with many other waterbirds and several raptors. Further afield, the Wugong Gorge is a good spot for Western Australian endemics such as Western Rosella, Red-capped Parrot, and Red-winged Fairy-wren. The Dryandra Woodlands are our destination today and we'll look for Short-billed Black Cockatoo, Blue-breasted Fairy-wren, Western Thornbill, Elegant Parrots and Purple-crowned Lorikeet. This is also a good area to observe native animals such as Numbat, Brush-tailed Bettong and Echidna. Spotlighting for these and for Bush Stone-curlew, Australian Owlet-nightjar and Tawny Frogmouth is an option for those keen to get out in the evening.

Overnight: Narrogin, en-suite rooms

Meals included: B, L, D

Day 2: 28 September 2027

Dryandra to Cheynes Beach

We will spend the morning exploring the Dryandra Woodlands. In addition to the species listed above we also expect to see the western race of Regent Parrot, Western Gerygone, Rufous Treecreeper, Painted Buttonquail, Western Yellow Robin, the western race of Varied Sitella and many other good species. In the afternoon we will drive to beautiful Cheynes Beach where we will have our first attempt at tracking down one or more of the 3 skulkers that live here: Noisy Scrubbird, Western Bristlebird and Black-throated Whipbird.

Overnight: Cheynes Beach, en-suite cabins

Meals included: B, L, D

Australian Owlet-nightjar, Regent Parrot, Noisy Scrubbird, Echidna, and Western Whipbird. All photos by Peter Waanders.

Day 3: 29 September 2027

Coastal birding

We'll spend the entire day birding the south coast for the first of our endemic families, the notorious and often elusive trio of Noisy Scrub-bird, Western Bristlebird and Black-throated (formerly Western) Whipbird. Noisy Scrubbird, one of Australia's rarest and most elusive species was only rediscovered in 1961. We should hear each of these species multiple times as we attempt to get views of them. This is a very scenic and photogenic landscape with moors, buttongrass plains, eucalypt covered hills and rocky outcrops. Other possible species here are Brush Bronzewing, Southern Emu-wren, Tawny-crowned Honeyeater, Rock Parrot, Stubble Quail, and Red-eared Firetail.

Overnight: Cheynes Beach, en-suite cabins

Meals included: B, L, D

Day 4: 30 September 2027

Beach to Perth

This morning we will spend more time around Cheynes Beach continuing to look for any species that eluded us yesterday. After lunch we will begin the drive back to Perth, checking for Emu all the way, and stopping along the way at several good birding locations including a spot where we hope to find Western Shrike-tit, another of our endemic families.

Overnight: Motel in Perth, en-suite room

Meals included: B, L, D

Day 5: 01 October 2027

Flight to Melbourne

We will be up early to catch a flight to Melbourne. Once we land on the other side of Australia, we will have the opportunity to spend the remainder of the afternoon at a great local birding spot that also doubles as an interesting historical record of the first prefabricated timber house brought to colonial Australia from Britain. We'll aim to add Wedge-tailed Eagle, Whistling Kite, Laughing Kookaburra, Sulphur-crested Cockatoo, Eastern Rosella, Superb Fairy-wren, Rufous Whistler and another endemic family in Striated Pardalote.

Overnight: Hotel in Melbourne, en-suite rooms

Meals included: B, L, D

Black-throated Whipbird, Brush Bronzewing, Southern Emu-wren, Emu, and Western Shrike-tit. All photos by Peter Waanders.

Day 6: 02 October 2027
Healesville

Today we make our way to scenic Healesville. Along the way we'll be looking for Powerful Owl, Australia's largest owl. Once we arrive in Healesville we'll spend some time searching in the nearby area for species such as the melodious Bell Miner, several Thornbills including Brown, Yellow-rumped and Yellow. We should find Australia's smallest bird, the Weebill as well as the second of our Pardalotes, the Spotted Pardalote.

We'll head to a fantastic short trail north of Healesville in the afternoon where we will spend time in some spectacular temperate rainforest searching for the Superb Lyrebird and Pilotbirds that are often seen following the Lyrebirds waiting for them to dig up a delicious morsel. If luck is on our side, we have the chance to see both Red-browed and White-throated Treecreepers as well as the equally beautiful Rose and Flame Robins.

Overnight: Healesville Sanctuary Resort , en-suite room

Meals included: B, L, D

Day 7: 03 October 2027
Evening birding in Deniliquin

Today we'll do a bit of birding locally in the morning before heading to Deniliquin. We will check into our accommodation and set off again for further birding and after dark, spotlighting for Plains-Wanderer. The species is in a family of its own and is almost extinct. The birds are rarely seen during the day and therefore the evening will be spent searching for them using spotlights. During this evening session we may also see Australian Owlet-nightjar, Inland Dotterel, Australian Bushlark, Little Buttonquail and Stubble Quail. We should be back at our hotel by midnight.

Overnight: Motel in Deniliquin, en-suite room

Meals included: B, L, D

Day 8: 04 October 2027
Woodlands and Waterways of Deniliquin

After our late-night adventures, we'll start not too early in the morning, birding the riverine woodlands and waterways around Deniliquin. Species targeted during the day include Superb Parrot and Black Falcon; a raft of woodland species including chance of Western Gerygone, Eastern Shrike-tit, Diamond Firetail and Dollarbird; waterbirds which are subject to seasonal fluctuations but may include Painted Snipe, Aus-

Striated Pardalote, Superb Lyrebird, Plains Wanderer, Inland Dotterel, and Superb Parrot. All photos by Peter Waanders.

tralian Bittern and Australian Little Bittern, as well as Spotless Crake, Painted Buttonquail, and depending on seasonal conditions Painted/Pied/Black Honeyeater.

Overnight: Motel in Deniliquin, en-suite room

Meals included: B, L, D

Day 9: 05 October 2027

Back to Melbourne

Heading south this morning back towards the coast where we will spend the day searching for Magpie Goose, Emu and if we have time on our side, we will head down along the coast searching for Rufous Bristlebird, Southern Emuwren, Greater Crested Tern, Pacific Gull, Red Wattlebird as well as White-eared and White-naped Honeyeater.

Overnight: Hotel in Melbourne, en-suite room

Meals included: B, L, D

Day 10: 06 October 2027

Flight to Brisbane

With the option for some birding after breakfast we have the chance to add Cape Barren Goose, Black-fronted Dotterel, Australian Pelican, Straw-necked Ibis, and Yellow-billed Spoonbill.

We'll have lunch on the beachfront where we'll have the chance of seeing Chestnut Teal, Black Swan, Pied and Little Pied and Little Black Cormorant as well as Pied Currawong. We'll catch our flight to Brisbane mid-afternoon, touching down in Queensland just in time to get checked into our accommodation before dinner.

Overnight: Hotel in Brisbane, en-suite room

Meals included: B, L, D

Day 11: 07 October 2027

Lamington NP

The focus of this section of the tour is Lamington National Park but en-route we'll look for Noisy Friarbirds, White-cheeked, Brown, Scarlet, Yellow-faced and White-naped Honeyeaters, Rainbow Bee-eater, Azure and Forest Kingfishers, Kookaburras, Pale-headed Rosella, Buff-banded Rail, Red-browed Finch, Maned Duck and Yellow-tailed Black Cockatoos. After settling in at Lamington we'll go birding in the rainforest targeting specialist birds including Regent and Satin Bowerbird, Green Catbird, 3 species of Scrub-wren, White-throated Treecreeper, Black-faced, White-eared and Spectacled Monarchs, Eastern, Pale-yellow and Rose Robin, Eastern Whipbird, Rufous and

Magpie Goose, Rufous Bristlebird, Azure Kingfisher, Laughing Kookaburra, and Regent Bowerbird. All photos by Peter Waanders.

Grey Fantail, Spotted Pardalote, Lewin's Honeyeater, Eastern Spinebill, Red-browed Finch, King Parrots, and Crimson Rosella. After dinner there will be the option to go spotlighting for Tawny and Marbled Frogmouths and Boobook Owls.

Overnight: O'Reilly's Rainforest Resort, Lamington NP, en-suite room
Meals included: B, L, D

Day 12: 08 October 2027

Lamington NP

We start early and drive to the western side of the park to look for Albert's Lyrebird, Noisy Pitta, Wonga, Wompoo, White-headed, Brown and Top-knot Pigeons, Paradise Riflebird, Logrunner, Bassian and Russet-tailed Thrush, Golden Whistler, Eastern Shrike-tit, Brown Thornbill, Cicadabird and Brown Gerygone. Mammals that may be seen include Eastern Grey Kangaroo, Whip-tailed, Red-necked and Swamp Wallaby, Red-necked and Red-legged Pademelon, Koala, Platypus, Echidna, Black and Grey-headed Flying Fox, Common Ring-tailed, Short-eared and Common Brush-tailed Possums, Sugar Glider, Long-nosed and Northern Brown Bandicoot.

Overnight: O'Reilly's Rainforest Resort, Lamington NP, en-suite room
Meals included: B, L, D

Day 13: 09 October 2027

Return to Brisbane and departure

We will spend the morning doing some final birding in Lamington NP before driving back to Brisbane. Some of the species we may encounter include Logrunner, King Parrot, Green Catbird, Red-backed and Variegated Fairywren. We'll finish with a nice lunch in the Botanic Gardens Cafe before dropping you at the airport or your hotel (own arrangements).

Meals included: B, L.
TOUR ENDS

Continue on to our [Six Grasswren Tour](#) starting on the 10th October in Adelaide. One of our most popular outback birding tours, 21 years and counting! This is one of Australia's epic birding adventures: we search for half of all of Australia's current Grasswren species. Search for some of Australia's hardest to find, most sought-after species: Grey, Striated, Short-tailed, Thick-billed, Western and Eyrean Grasswren.

Additionally, you may want to head up to [Cairns for a day's guided birding](#) with our local guide - targeting Yellow-breasted Boatbill and Southern Cassowary (the only other member of both these species' families live in New Guinea).

Albert's Lyrebird, Logrunner, Koala, Red-backed Fairywren, and Rufous Treecreeper. All photos by Peter Waanders.

QUICK OVERVIEW

SCHEDULED DATES

Endemic Families: 26 September – 09 October 2027

Tour commences with dinner in Perth, WA on 26 Sep 2027. Please arrive on or before 26 Sep 2027. Tour finishes after lunch on 09 Oct 2027 in Brisbane, Qld. Please don't book departure flights before 1pm lunch on 09 Oct 2027 – or join our Six Grasswren tour commencing the following afternoon in Adelaide.

STARTING IN

Perth, Western Australia

FINISHING IN

Brisbane, Queensland

GROUP SIZE

Minimum 4, maximum 8 participants.

BOOKING

Please book at: <https://www.bellbirdtours.com/bookings/>.

PRACTICAL DETAILS

LEADERS

Expert Bellbird tour leader.

DIFFICULTY

Medium level of fitness required. The tour has a reasonably fast pace and walks are on varying surfaces, from paved roads to uneven, gravelly trails with some short climbs and soft sandy dunes. We generally walk slowly, with lots of stops. You can opt out of any challenging walks.

ACCOMMODATION

Comfortable en-suite air-conditioned motel rooms throughout.

CLOTHING

Lightweight long pants, t-shirt and long-sleeved shirt, over the top of which you can wear layers that can be taken off as necessary, including a rain-proof jacket. Neat casual attire for dinners. Sturdy footwear recommended. Shorts and sandals or thongs (flip-flops) are acceptable for non-birding time.

WHAT TO BRING

Please travel light. Binoculars, camera, mobile phone, chargers, power adaptors if you're an international visitor, insect repellent, sunscreen, personal medications, travel umbrella, sun hat, water bottle, hand sanitizer. Sturdy footwear recommended. Scopes, super-telephoto lenses, tripods, and heavy hard-shell suitcases are discouraged.

RECOMMENDED READING

The comprehensive (but large and heavy) *Australian Bird Guide* by Danny Rogers, Peter Menkhorst, and Rohan Clarke, or the (smaller and lighter) *Compact Australian Bird Guide* (2022) by the same authors.

HOW TO BOOK THIS TOUR?

Step 1: Essential reading

- Download, save and read the itinerary (this document);
- Read our terms and conditions and the release of liability waiver (both can be found on <https://www.bellbirdtours.com/terms-and-conditions>);
- Read our health & safety information page (<https://bellbirdtours.com/health-and-safety/>).

Step 2: Online booking

Head over to our secure online booking page: <https://www.bellbirdtours.com/bookings> (should you prefer a paper booking form, this can be downloaded from there).

Step 3: Pay the deposit

To secure your seat, a deposit of 20% of the tour price is required at the time of booking. Full payment is due 90 days prior to the departure date. Until full payment has been received, Bellbird Tours reserves the right to change the tour price (e.g. due to changing fuel prices).

Payment options:

☐ Domestic electronic funds transfer: please send funds to the following bank account:

- bank: Australia & New Zealand Bank (ANZ), 112 Rundle Mall, Adelaide SA 5000
- account name: Bellbird Tours Pty Ltd
- branch no. (BSB) 015-140 and account no. 206136528
 - Please use your surname as the booking reference.

☐ Visa, Mastercard & Google / Apple Pay: Please contact us to use this option, and we'll email you a secure payment link.

☐ International electronic funds transfer: please send funds in Australian Dollars (+ bank charges) to the following bank account:

- international swift code: anzbau3m (no IBAN codes are used in Australia)
- bank: Australia & New Zealand Bank (ANZ), 112 Rundle Mall, Adelaide SA 5000
- account name: Bellbird Tours Pty Ltd
- branch no. (BSB) 015-140 and account no. 206136528
 - If possible, please use your surname as the booking reference.
 - If you are asked to provide our physical address, this is: 30 Roberts Avenue, Balaklava, SA 5461, Australia.
 - Please specify AU\$ as the recipient's currency, and the correct amount. Select the option for you to incur any charges at both ends.

Any discrepancy between the amount payable and amount received will be added to the final balance, or payable in cash at the start of the tour. Prices and fees are not negotiable.

Step 4: You're done!

Sit back and wait for your booking confirmation to arrive (24-48 hrs). Meanwhile, should you have any questions, please contact us via: <https://www.bellbirdtours.com/about-us/>.

Endemic Families

Individual species targeted on this tour in bold

PEDIONOMIDAE (Plains-Wanderer)

- **Plains Wanderer**

MENURIDAE (Lyrebirds)

- **Superb Lyrebird**
- **Albert's Lyrebird**

ATRICHORNITHIDAE (Scrub-Birds)

- Rufous Scrub-bird
- **Noisy Scrub-bird**

DASYORNITHIDAE (Bristlebirds)

- Eastern Bristlebird
- Rufous Bristlebird
- **Western Bristlebird**

PARDALOTIDAE (Pardalotes)

- **Striated Pardalote**
- **Spotted Pardalote**
- Red-browed Pardalote
- Forty-spotted Pardalote

PSOPHODIDAE (Whipbirds)

- **Eastern Whipbird**
- White-bellied Whipbird
- **Black-throated Whipbird**

FALCUNCULIDAE (Shriketits)

- **Eastern Shriketit**
- **Western Shriketit**
- Northern Shriketit

CORCORACIDAE (Mudnesters)

- **White-winged Chough**
- **Apostlebird**

Near-Endemic Families

Species found in Australia and generally one other country.
Only Australian species named below. Targeted species on this tour
in bold.

ANSERANATIDAE

(Magpie Goose)

New Guinea

- **Magpie Goose**

CASUARIIDAE

(Cassowaries and Emu)

New Guinea

- **Southern Cassowary**

ORTHONYCHIDAE

(Logrunners)

New Guinea

- **Australian Logrunner**
- Chowchilla

PTILONORYNCHIDAE

(Bowerbirds)

New Guinea and Indonesia

- **Green Catbird**
- Spotted Catbird
- Black-eared Catbird
- Tooth-billed Bowerbird
- Golden Bowerbird
- **Regent Bowerbird**
- **Satin Bowerbird**
- Western Bowerbird
- Spotted Bowerbird
- Great Bowerbird
- Fawn-breasted Bowerbird

CLIMACTERIDAE

(Australian Treecreepers)

New Guinea

- **White-throated Treecreeper**
- White-browed Treecreeper
- **Red-browed Treecreeper**
- **Brown Treecreeper**
- Black-tailed Treecreeper
- **Rufous Treecreeper**

POMATOSTOMIDAE

(Australian Babblers)

New Guinea

- **Grey-crowned Babbler**
- **White-browed Babbler**
- Hall's Babbler
- Chestnut-crowned Babbler

CINCLOSOMATIDAE

(Jewel-babblers and Quail-thrushes)

New Guinea

- **Spotted Quail-thrush**
- Chestnut Quail-thrush
- Copperback Quail-thrush
- Chestnut-breasted Quail-thrush
- Western Quail-thrush
- Nullarbor Quail-thrush
- Cinnamon Quail-thrush

MACHAERIRYNCHIDAE

(Boatbills)

New Guinea

- Yellow-breasted Boatbill

CRATICIDAE

(Butcherbirds and Allies)

New Guinea

- Black Butcherbird
- **Australian Magpie**

POSSIBLE SPECIES LIST (NOT EXHAUSTIVE)

Emu	Black-faced Cormorant	Aus. Pied Oystercatcher
Australian Brush-turkey	Pied Cormorant	Sooty Oystercatcher
Cape Barren Goose	Australian Pelican	Black-winged Stilt
Magpie Goose	Black-necked Stork	Red-necked Avocet
Stubble Quail	White-necked Heron	Banded Stilt
Brown Quail	Eastern Reef Egret	Red-capped Plover
Musk Duck	Great Egret	Pacific Golden Plover
Freckled Duck	Intermediate Egret	Grey Plover
